in the late 2000s the walt disney company expanded rebranded and recast itself around woke empowered entertainment this new era revitalized its princess franchise seeking to elevate its female characters into heroes who save the day recasting the disney princess in an era of new media and social movements analyzes the way that the walt disney company has co opted contemporary social discourse incorporating how audiences interpret their world through new media and activism into the company's branding initiatives programming and films the contributors in this collection study the company's most iconic franchise the disney princesses to evaluate how the company has addressed the patriarchy

its own legacy cemented recasting the disney princess outlines how the current disney era reflects changes in a global society where audiences are empowered by new media and social justice movements

join the dots to reveal your favourite disney frozen characters

in this volume of 15 articles contributors from a wide range of disciplines present their analyses of disney movies and disney music which are mainstays of popular culture the power of the disney brand has heightened the need for academics to question whether disney s films and music function as a tool of the western elite that shapes the views of those less empowered given its global reach how the walt disney company handles the role of race gender and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume on the other hand other authors argue that disney productions can help individuals cope with difficult situations or embrace progressive thinking the different approaches to the assessment of disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies the authors of the 15 articles encourage readers to engage with the material showcasing a variety of views about the good the bad and the best way forward

progress towards gender parity is hindered by unconscious ways that hypermasculinity is valorized at a symbolic level by deconstructing how social and textual phenomena as well as social structures contribute to gender performativity we can elucidate hard to discern patterns that perpetuate hegemonic masculinity the subliminal elevation of symbols of hypermasculinity excludes both women and non gender conforming men by delving into these symbolic meanings that operate subliminally we can more effectively debunk beliefs that real men fall within narrow parameters of masculinity there remains much to explore in terms of hidden pressures for men to constrain their expression of emotions project an appearance of hardness and equate violence with power to name just a few persistent facets of toxic masculinity while abstract forms of inculcating hypermasculinity are difficult to identify interrogating their role in masculine performativity will result in a more comprehensive understanding of impediments to gender equality
