what is globalization how have the world economies changed in recent years what impact do these changes have on business and management practice through creative use of examples case studies and exercises from organizations worldwide this book demonstrates the many levels at which globalization impacts on contemporary businesses society and organizations and elucidates the ways in which different globalization trends and factors interrelate focusing on an integrated approach to understanding the effects of global trends such as new technologies new markets and cultural and political changes the book enables students to understand the wider implications of globalization and apply this to their study and comprehension of contemporary business and management each chapter opens with a short and current case which introduces the key concepts covered in that chapter provides an overview of chapter objectives to allow the student to navigate easily illustrates the chapter concepts with useful boxed examples concludes with a review of the key chapter concepts learnt provides a series of review and discussion questions offers global enterprise project assignments for applying course concepts to the same company gives up to date references from many sources to direct student s further reading students can access the companion website which includes additional material in support of each chapter of the book by clicking on the companion website logo above

shortlisted for the baal book prize 2020 what do tesol teachers actually teach what do they know about language about english and the ways it is used in the world how do they view themselves and their work and how are they viewed by others how is tesol perceived as a profession and as a discipline how can teachers make the most of the available resources can global english really deliver what it seems to promise these are some of the questions explored in rethinking tesol in diverse global settings a book which examines what we mean when we talk about english language teaching and what we understand the job of an english language teacher to be covering diverse teaching environments from china to latin america and the middle east and from elementary school to university the authors take a critical look at tesol by focusing on the actual substance of the subject language and attitudes towards it through concrete examples from language classrooms in the form of vignettes and accounts from native speaker and non native speaker teachers alike they explore the experiences of teachers worldwide in relation to issues of identity and professionalism nativeness and non nativeness and the pressures of dealing with the expectations with which english has become invested while recognising the often precarious academic and institutional status of tesol teachers the book pulls no punches in challenging those teachers as a whole to become more ambitious in their aims positioning themselves not as mere skills providers but language experts specialists in their subject members of a legitimate academic discipline only then the authors argue will tesol teachers and their work be taken seriously and their expertise recognised

this book addresses some of the major contemporary issues in comparative business and employment relations at its core are the findings of a four year exploration of the management of employment relations in american multinational companies in the uk germany ireland and spain specifically it looks at what is distinctively american about us multinationals and their management of human resources across national borders

this is an open access book in our rapidly evolving modern era the intersection of green technology and digital society has shifted paradigm shifts across various facets of human life the fusion of these two domains holds the potential to profoundly impact society s social aspects therefore the 5th borobudur international symposium with the theme smart and sustainable the synergy of green technology and digital society is designed to delve into and celebrate the strong synergy between green technology and the digital society specifically focusing on social sciences the background of this conference reflects the significant tensions in modern society on the one hand we witness innovative strides in green technology to reduce negative environmental impacts and develop more sustainable systems on the other hand our society is becoming increasingly interconnected in a vast digital network enabling unprecedeted information exchange that influences social interactions work education and many other aspects of daily life as green technology and the digital society converge new and crucial opportunities and challenges emerge in the social context through this international conference we hope to provide a platform for researchers practitioners and stakeholders to share knowledge experiences and innovative ideas to better understand how green technology and the digital society can collaborate to achieve smarter and more sustainable societies
